

Payment of school fee IPSG

Dear parents and carers,

We are pleased to share with you the school fee details for this academic year.

The Groningse Schoolvereniging (GSV) was founded in 1910 by parents committed to providing high-quality education for their children. As part of this tradition, we believe it is important not only to inform you of the school fees but also to explain how these fees directly contribute to the quality and enrichment of education at the International Primary School Groningen (IPSG), a department within the GSV.

IPSG is a Dutch International Primary School (DIPS). Due to the higher costs associated with international education, parents enrolling in a DIPS school are required to pay school fees.

How the School Fee Supports IPSG

Your contribution helps us maintain and enhance the quality of education through:

- Small class sizes (no more than 22 pupils)
- Tailored support: funding additional staff such as pastoral support lead, learning support teachers and teaching assistants
- Specialist teacher for new learners of English
- Specialist subject teachers: for music, English, Dutch, and physical education
- Computing education: personal devices for students in Years 1–6, a customized digital curriculum, and integration of ICT skills across subjects
- Extra-curricular activities: a range of art, stem and sporting after school activities
- Educational enrichment: school gardens, workshops, theatre, and nature education
- International learning environment: the International Primary Curriculum (IPC), which integrates language, literacy, citizenship, and computing into thematic units
- English and multilingual library resources
