

ENG - PRODUCTS

**STEEL SPECIALIST
FOR PARTS, COMPONENTS,
ASSEMBLIES AND SMALL
STRUCTURES**

**KS
PARTS AND
COMPONENTS**

**TAILORED PRODUCTS
YOU REALLY WANT.**

WHO WE ARE

With 50 years of experience in the steel processing industry, KS Parts and Components, as part of KS Industries, ensures that you always receive the best-engineered and produced solutions. We are happy to brainstorm with you! Our team has profound knowledge and expertise in the field of steel product engineering, manufacturing, and assembly.

WORKING WITH KS PARTS AND COMPONENTS MEANS

- Smart and (cost) efficient solutions
- High-quality products
- Fast production and delivery

KS Parts and Components is part of KS Industries, a group of specialized enterprises with innovators, creators, controllers, and builders in the steel processing industry. All companies within KS Industries strive for the most sustainable production processes, including the use of self-generated sustainable energy and the application of sustainable steel. Alongside our colleagues and clients, we work towards minimal CO₂ emissions.

A SELECTION OF OUR PRODUCTS

CONNECTOR
Production Press
Material S350 ZM310
Application Greenhouse

CONNECTOR
Production Press and clinching
Material HX420 Z275
Application Warehousing

SHAFT CONNECTOR
Production Laser cutting
 Metal Folding
Material S350 ZM310
Application Solar cascade

FLOOR LEVELER
Production Laser cutting
 Metal folding
 Manual welding
 Nut clinching
Material S350 ZM310
Application Cabinets, kitchens

FOOTPOINT
Production Laser cutting, engrave
 Robot welding
 Manual weld
 Hot dip galvanizing
Material S355JR
Application Carports

SIDEPLATE
Production Press
Material S350 ZM310
Application Solar, Machine building

CLAMP
Production Press
Material S350 ZM310
Application Sunscreen Greenhouse

PLATE CONNECTOR
Production Press
Material S350 Z275
Application Small warehousing

CONNECTOR WITH STOP
Production Press
Material S420 Z275
Application Warehousing

RAIL PROFILE
Production Laser cutting
 Metal Folding
Material S350 ZM310
Application Warehousing

FOOTPOINT
Production Laser cutting
 Metal folding
 Robot Welding
 Thermal galvanizing
Material S355JR
Application Small warehousing

LEDGER
Production Press
Material S350 ZM310
Application Transport rail

CONNECTOR
Production Press
Material S350 ZM310
Application Warehousing

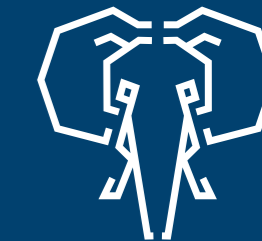

UNDERLYING LEDGER
Production Press
Material S350 ZM310
Application Solar field

RAIL
Production Rollforming- Repair
Material HX420 Z275
Application Warehousing

OMEGA PROFILE
Production Plasma cutting
 Metal folding
Material S350 Z275
Application Construction

NEED ANOTHER PRODUCT OR SERVICE ? NO PROBLEM.

Together with you as a customer, we will search for the most suitable solution. We also supply product post-galvanizing, powder coating, or another method of preservation, you've come to the right place with us.

Ask us about the possibilities.
