We transferred your pension to De Nationale APF on 1 January 2026

Dear [name],

Your pension was transferred to De Nationale APF on 1 January 2026, because our pension fund will be closing. This letter with the pension overview is the last personal message you will receive from us, so please keep it safe. It shows the amount of pension we have transferred on your behalf.

What does the pension overview show?

The overview shows your pension as of 31 December 2025 at NN CDC Pensioenfonds i.l. We have already increased this amount by the 1.9% indexation awarded on that date. This is the pension that has been transferred. You are already receiving your pension payments from De Nationale APF. However, the increase will only be paid to you in the second quarter. Along with the increased pension, you will of course also receive a retroactive payment from January.

Compare the amounts on your overview with those from De Nationale APF

You already received a welcome letter from De Nationale APF in January. In the third quarter, you will receive your first pension overview from De Nationale APF. This will show the amount of pension they have received from us on your behalf. Please compare the amounts in their statement carefully with the amounts in the enclosed pension overview from NN CDC i.l. Do you see differences? If so, please contact De Nationale APF.

From now on, De Nationale APF will answer all your pension questions

These are the new contact details:

Phone: 088 – 116 3063

Email: denationaleapf@azl.eu

Website: denationaleapf.nl (choose employer NN CDC)

Let them know if your personal details are incorrect

Is your address incorrect? Then please update your address with the municipality. De Nationale APF retrieves your address from the municipality's database (Basisregistratie Personen (BRP)).

Is your partner missing on the overview, or have you separated? Then please report this directly to De Nationale APF.

Do you live abroad? If so, please report your change of address to us yourself.

Your personal letters and documents remain available

We have also transferred your important documents, such as pension overviews, to De Nationale APF. You can find your correspondence in your personal digital environment Mijn Pensioencijfers on the website of De Nationale APF. In the welcome letter from De Nationale APF, you can read how and when you can log in to Mijn Pensioencijfers.

Any questions?

If you have questions about your pension, please contact the customer service team of De Nationale APF. You can call them Monday to Friday between 8:30 and 17:00 at 088 – 116 3063, or send an email to denationaleapf@azl.eu. They will be happy to help you.

Kind regards,
on behalf of Stichting NN CDC Pensioenfonds i.l.
