## 2024 – 2028

International  
School  
Utrecht

### Multilingualism

‘We believe in the development of strong communication skills, to facilitate global understanding and cooperation.’

#### What will you see at ISU?

- Further development of the language hub
- Home languages present everywhere
- A curriculum for language learners
- ISU becoming a Language Friendly School
- All teachers becoming language teachers

### Agency

‘We believe in following the same approach towards behaviour which includes a positive relationship between students and staff.’

#### What will you see at ISU?

- Better transitions between grades 5–6 and 10–11
- Digital literacy lessons in PYP and Grade 6
- More choices for students in PYP and MYP
- ISU investigating offering the Careers Programme

### Well-being

‘We believe in the nurturing of a safe, caring, and inclusive environment that supports the well-being and emotional growth of our students.’

#### What will you see at ISU?

- A solid mentor programme
- More collaborative planning
- Different activities for students
- Yoga in KG and yoga for staff
- Supporting more SAA & CAS experiences
- Extra support from the inclusion team

### Data

To realise our ambitions, better use of data is essential. That is why we will:

- Focus on data driven decision making to inform and develop effective learning.
- Strengthen our data collection according to a data governance calendar.
- Train our staff how to work with data.

## Living our core values
